**Comments:**

Enclosed is a copy of the cleared check front and back for the application I need a serial number for. The application was filed on January 21, 2004 and we have not yet received the stamped postcard receipt with the serial number. Please call me at 703-836-6400 or fax me at 703-836-2787 if you are able to locate the serial number for this application. Thank you in advance for your assistance.

Amanda M. Orson

The security features listed below, as well as those not listed, extend industry guidelines.

## Security Features:

- Microprint: Microprint appears as a series of small dots when viewed under a magnifying glass.
- Watermark: A watermark is visible when the document is held up to the light.
- Security Thread: A security thread is woven into the paper.
- Hologram: A hologram is visible when the document is held up to the light.
- Color Shift: The color of the document changes when viewed from different angles.
- Heat Sensitive Ink: The ink disappears when the document is heated.

Heat Sensitive Ink:

• The ink disappears when the document is heated. The ink will reappear when the document is cooled.
